

Antibody to Histone H3
Rabbit Polyclonal

Catalog Number: AB-215
Quantity: 100 micrograms
Format: 0.1 M TBS, 50% glycerol
Host: Rabbit
Immunogen: Synthetic peptide based on human Histone H3 (1-12 aa)-KLH conjugates

Specificity and Preparation:

Recognizes histone H3 in human and mouse. Affinity-purified with histone H3 peptide. The concentration is 250 mg/ml.

Usage and Storage:

Reported to be effective for ELISA (1:1000) and immunoblotting (western blot, 1:250-1000). Store the antibody at -20°C. Stable for up to three years. Avoid repeated freezing and thawing. Gently spin down material before use; 5-10 seconds in a microfuge should be adequate.
